Dear Parents and Guardians,

MESSAGE FROM THE PRINCIPAL – FIRST DAY BACK TO SCHOOL, 8TH MARCH 2021

A very warm welcome back to school! Although it has been a long time coming, I am positive and hopeful that our environment has changed sufficiently that schools will be able remain open for an extended period of time.

As I constantly monitor our procedures here, may I kindly continue to request your much valued and appreciated support and assistance during both school arrival and dismissal times. As with any revised or new system, there will be a settling in period of adjustment, so please do bear with us.

During *arrivals* I have allocated the spaces below (please refer to the picture below) for parents of our youngest learners to be safely accompanied to school, learners from our Early Years/Nursery to Year 2 could perhaps use these spaces. This may well present a nice opportunity for our learners in Years 3 and above to transition into gaining more experience of arriving with a little more independence.

For dismissal time we will continue with the staggered timings to reduce the congestion in certain areas. Please find a copy of the times below for your reference effective from the 8th of March 2021.
