Dear Parents and Guardians,

MIGS/ADM/T1/PRC/WS/PS/2021-0278

MESSAGE FROM THE PRINCIPAL – END OF TERM 1 & KEY DATES FOR TERM 2 AY 2021-2022

As we approach the end of term one for this academic year allow me to share some updates and messages of thanks.

We continue to adjust to the now more subtle changes that new variants of the virus bring; I am sure we are all hoping that we are able to reopen in January at full capacity. Whilst I wait for this news, the current rotation system will continue to be utilised with the first weeks of January as we continue to closely monitor the situation. The first week back (on the 4th of January for students) will be week one, with our 'odd numbered' year groups on campus, whilst those in Years 2,4,6,8 will use the remote platform. Our reception students and those in Year 10 & 11 will continue to come to campus on a full time basis. Please find the most up to date information below: -

START OF TERM 2 AY 2021/2022

We remain hopeful that circumstances will continue to improve with the start of the term remaining as Tuesday the 4th of January 2022 for students. I also remain hopeful that we can re-open fully and the moment such an update arrives from the MOH/MOE, I will message parents accordingly.

I would also like to take a moment to thank our parents for their continued support of our students' learning during these challenging times; I would also like to thank not only our teachers, but also our support staff in keeping the school as safe an environment as possible.

Finally, as always may I wish everyone a restful and safe holiday and we all look forward to more positive news for January 2022.

Yours sincerely
